PROFESSIONAL EXPERIENCE

Technical Support Specialist I – ServiceLink (Fidelity National Financial) (40hrs)

Mar 2024 – Present

- Manage user accounts and permissions using SailPoint IdentityIQ (IIQ). Wrote step-by-step guides (SOPs) for the team to ensure we set up access correctly and pass security audits.
- Handle user access and logins across Okta, Active Directory, and Microsoft Entra ID. This includes setting up multi-factor authentication (MFA), making sure users only have the permissions they need, and managing temporary admin access (PIM).
- Support logins for specific company apps like Agent Trax, SmartView, and EXOS. Also manage accounts for outside vendors, update email distribution lists, and help users retrieve secure passwords using CyberArk.
- Troubleshoot company devices using Microsoft Intune to make sure laptops and phones are secure and up to date. Use Citrix Director to monitor and fix issues with users' virtual desktops.
- Resolve 20 to 30 daily helpdesk tickets in ServiceNow for login, access, and security issues. Also write and update how-to articles for the knowledge base to support a company of over 10,000 users.

Enterprise Help Desk Analyst – Duke Energy (40hrs)

Dec 2022 – Apr 2024

- Handled user access and permissions using SailPoint IIQ and internal automation tools to make sure employees were in the correct Active Directory groups.
- Managed Active Directory daily to unlock accounts, reset passwords, and fix login issues for users across the company.
- Supported virtual desktops using Citrix Director. Screen-shared with users to troubleshoot issues, reset stuck profiles, and force-close frozen sessions.
- Fixed remote connection issues with Cisco AnyConnect VPN. Pulled system logs to figure out network problems and escalated the major outages to the engineering team.
- Closed a high volume of daily helpdesk tickets for a major energy company, focusing on software access, logins, and general IT troubleshooting.

Infantryman (11B) – Florida Army National Guard

Jun 2017 – Jun 2023

- Enforced physical security and force protection protocols, conducting site risk assessments to secure personnel, equipment, and tactical positions.
 - Monitored physical access points and perimeter defenses, maintaining zero security breaches or unauthorized entries during deployment.
 - Documented and reported security vulnerabilities through daily situation reports (SITREPs), ensuring immediate physical fixes to meet military safety standards.
-

- COVID-19 Response Logistics & Security Coordinator: Directed physical access control and traffic flow at statewide medical and vaccination sites. Coordinated secure entry, site defense, and daily logistics for over 200 medical staff, ensuring safe and uninterrupted operations.
