OSCAR CABRERA

Tampa, FL | 347-569-0105 | Oscar.Cabrera1112@gmail.com | oscarcc12.github.io | Active Secret Clearance

PROFESSIONAL SUMMARY

Security cleared IT professional (Active Secret) with a strong foundation in enterprise identity and access management (IAM), network troubleshooting, and incident resolution. Combines hands-on experience securing Microsoft 365, Entra ID, and Active Directory environments with applied SOC training in SIEM deployments, threat hunting, and log analysis. Adept at bridging enterprise technical support with proactive security operations to defend infrastructure and streamline secure access.

CORE SKILLS

Identity & Access Management (IAM): SailPoint IdentityIQ, Okta, Active Directory, Microsoft Entra ID

SIEM & Security Operations: Splunk, Wazuh, Sysmon, Event Log Analysis, MITRE ATT&CK

Networking & Systems: Cisco Routing & Switching, VLANs, DNS

Scripting & Automation: PowerShell, Python

ACTIVE CERTIFICATIONS

Cisco CCNA | CompTIA Security+ | CompTIA Network+ | CompTIA PenTest+ | ISC2 CC | Azure Fundamentals (AZ-900)

PROJECTS & PUBLICATIONS

- **Hybrid Cloud IAM Lab:** Synced a VMware Active Directory domain to Microsoft Entra ID via Entra Connect, configuring RBAC, automated PowerShell provisioning, and security-focused GPOs.
- **Hybrid SOC & Telemetry Lab**: Built a VMware threat detection environment utilizing Wazuh SIEM, Splunk, and Elastic Stack; configured Sysmon and wrote custom Python/Bash scripts to parse cross-platform logs.
- **Applied Threat Hunting (Hack the Box)**: Completed 100+ labs (Top 5%), executing log correlation, network traffic investigation, and incident triage aligned with the MITRE ATT&CK framework.
- **Publication (Medium):** "Querying REST APIs for Threat Analysis" – Authored a technical tutorial on querying REST APIs with Python to extract and analyze indicators of compromise (IOCs).

PROFESSIONAL EXPERIENCE

Technical Support Specialist I – ServiceLink (Fidelity National Financial) (40hrs) **Mar 2024 – Present**

- Executed user lifecycle administration, including provisioning, deprovisioning, and MFA enforcement, utilizing SailPoint IdentityIQ, Okta, and Microsoft Entra ID.
- Troubleshot and resolved complex enterprise authentication, VPN, and VDI (Citrix) access issues, consistently meeting SLAs for high-volume ticket queues via ServiceNow and CyberArk.
- Served as the primary escalation point for identity management and Microsoft 365 system permissions, performing root-cause analysis to implement immediate tactical fixes.

Enterprise Help Desk Analyst – Duke Energy (40hrs) **Dec 2022 – Apr 2024**

- Diagnosed and resolved remote access, network connectivity, and endpoint software issues utilizing Cisco AnyConnect VPN, Citrix Workspace, and Bomgar.
- Administered Active Directory and Microsoft 365 environments to manage user system permissions, access requests, and secure password resets.
- Triaged enterprise-wide technical incidents through ServiceNow and BMC Remedy, effectively isolating and escalating complex security or networking anomalies to Tier III engineering teams.

Infantryman (11B) – Florida Army National Guard **Jun 2017 – Jun 2023**

- Enforced physical security and force protection protocols, conducting site risk assessments to secure personnel, equipment, and tactical positions.
- Monitored physical access points and perimeter defenses, maintaining zero security breaches or unauthorized entries during deployment.
- Documented and reported security vulnerabilities through daily situation reports (SITREPs), ensuring immediate physical fixes to meet military safety standards.
- **Logistics & Security Coordinator (COVID-19 Response):** Directed physical access control and secured traffic flow at statewide medical and vaccination sites.
- Coordinated secure entry and daily logistics for over 200 medical staff, ensuring safe, uninterrupted operations.

EDUCATION

- **M.S., Cybersecurity & Information Assurance** | Western Governors University (WGU) | Nov 2026
- **B.S., IT Management (Cybersecurity)** | St. Petersburg College, FL | Aug 2021
