- **Identity & Access Management (IAM)**: Active Directory, Microsoft Entra ID, Okta, SmartView, AgentTrax, EXOS.
- **Networking & Remote Access:** Cisco equipment, VLANs, DNS, Palo Alto GlobalProtect VPN, Cisco AnyConnect VPN, Citrix Workspace.
- **Security & SIEM (Lab/Applied):** Splunk, Wazuh, Sysmon, Event Log Analysis, MITRE ATT&CK.
- **Systems, Tools & Scripting**: Windows 11, Windows Server 2022, iOS/Android, ServiceNow, Remedy, Bomgar, PowerShell, Python, Microsoft Intune.

CERTIFICATIONS

- Cisco CCNA | CompTIA Security+ | CompTIA Network+ | CompTIA PenTest+ | ISC2 CC | AZ-900

EXPERIENCE

Technical Support Specialist 1
Fidelity National Financial March 2024 – Present

- Manage 25–30 weekly user account access requests, provisioning tasks, password resets, and MFA setups across Active Directory, Okta, SmartView, AgentTrax, and EXOS.
- Troubleshoot and resolve 10–15 daily Level 2 technical support tickets involving Palo Alto GlobalProtect VPN, Citrix VDI, and Microsoft 365 applications.
- Set up, image, and configure 15+ weekly Windows workstations, iPads, and mobile devices for new hires and existing staff.
- Track and document 50+ weekly user support requests and incident resolutions through ServiceNow, maintaining a 95%+ SLA compliance rate.

Enterprise Help Desk Analyst
Duke Energy December 2022 – April 2024

- Diagnosed and resolved 15–20 daily remote access, network connectivity, and hardware/software issues using Cisco AnyConnect VPN, Citrix Workspace, and Bomgar.

- Administered Active Directory and Microsoft 365 user accounts, handling 30+ weekly password resets, account lockouts, and basic permission requests.
- Logged, triaged, and escalated complex network or system issues to Tier 3 teams using ServiceNow and BMC Remedy, achieving a 90%+ first-contact resolution rate.

Infantryman (11B)
Florida Army National Guard June 2017 – June 2023

- Enforced site security protocols and physical access controls to secure personnel, equipment, and restricted areas across 100% of assigned shifts with zero security breaches.
- Monitored entry points and verified credentials at statewide COVID-19 response sites, coordinating daily logistics for 200+ medical staff and 500+ daily visitors.
- Documented daily security operations and site issues through situation reports (SITREPs).

PROJECTS & PUBLICATIONS (Full documentation at oscarcc12.github.io)

- **Hybrid Cloud IAM Lab:** Synced a local VMware Windows Server 2022 Active Directory domain to Microsoft Entra ID using Entra Connect; configured OUs, security groups, GPOs, and PowerShell scripts to automate provisioning for 50+ test user accounts.
- **Hybrid SOC & Telemetry Lab:** Set up a 3-VM home lab with Wazuh SIEM, Splunk, and Sysmon to collect and review system logs; completed 100+ Hack The Box labs (Top 5%) and published a Medium article on using Python to query REST APIs for threat analysis.
